

BELSPRAY

Product Code: N.BXCW

Belspray 205L Motorised Drumlift Concure Sprayer

This BSP-TEX Belspray motorised concure sprayer has a 205L capacity. The unique "Drumlift" design enables the user to load the drum quickly and easily, with very little effort required. A robust solution, suitable for most contracts and applications.

Fitted with a 5HP engine, complete with 6:1 reduction gearbox, driving an 'Albany' geared pump via safety drive coupling (pump/engine) protection. Supplied with a 5 metre delivery hose and a 1.5 metre spray lance and jet. Optional extras include a 30 metre hose and Honda or Yanmar engine.

Capacity
205L (45 gal)

"Drumlift" for quick
and easy drum loading
and unloading.
